## BANK RESERVE "TOUCHED", BOND COMPANY SETTLES.

**Phil. J. Abbott, Teller of The American-German National Bank, Missing From The City.**

**OVER SEVEN THOUSAND DOLLARS GONE**

**President Thompson Makes Statement  
---Says Institution Is Not Injured.**

**ROBERT KIRKLAND ACTING TELLER**

Moved by the continued and unexplained absence of Phil J. Abbott, teller of the American-German National bank, the officials of that concern made an investigation and discovered that the reserve was \$7,260 short. The Fidelity & Deposit company, of Baltimore, which is surety for Mr. Abbott, paid the loss and an agent of the company is searching for Mr. Abbott, who left August 1, ostensibly to go to Robinson, Ill., where his brother is engaged in the banking business.

His wife says she does not know where he is, and has not heard from him since he left.

Mr. Abbott's trip was to be on business and he was to be gone only a few days. When ten days passed and nothing was heard from him the officials became uneasy and instituted the investigation.

The books were accurately kept and the day's business each day was untouched. The money had simply been lifted in a package from the reserve in the bank.

Owing to the large amounts of the bonds and the watchfulness of the officials, it would be impossible for anyone to remove sufficient of the reserve to cripple the institution.

The early discovery of the loss is a tribute to the jealousy with which the bank protects itself, as no suspicion had rested on anyone connected with the bank previous to the investigation.

The news of the loss of the money with his young wife, whom he married in Toledo, Ill.

W. P. Hummel, of Hummel Bros., says he knows nothing about the matter except that he notified his company at the instance of President Thompson. The settlement was effected by a special agent from Chicago.

Robert K. Kirkland, at present bookkeeper in the bank, and son of City Auditor Alexander Kirkland, is acting as teller, and probably will receive the appointment permanently. It is a promotion for the young man, whose inherited talent for mathematics promises a great future for him.

The directors of the American-German National bank have met, and it is reported will name a teller to succeed Abbott in a few days. Letters explaining the shortage have been received by every depositor of the bank.

**YOUNG WOMAN MURDERED.**  
And Body Hidden in Lonely Spot Near Los Angeles.

Los Angeles, August 20.—The body of a young woman clad in a silk dress with a bullet hole through her head was found under brush in the second Santa Monica Canyon a mile and a half north of Port Los Angeles by a ranch hand. The tragedy which ended her life was part of a question a murder. The loneliness of the spot, the manner of concealment and the absence of a weapon all point with certainty to this conclusion. The motive which has been assumed for the dark crime, so long hidden, was greed for her possessions.

**MINERS KILLED.**  
Shot to Death By Soldiers Whom They Refused to Obey.

St. Petersburg, Aug. 20.—Eight miners were killed and seventeen injured as the result of a clash with troops at Maavata yesterday. The miners attempted to hold a meeting and were ordered to disperse by the troops. The miners refused and the soldiers fired into the crowd.

**NEGRO TROOPS WILL MOVE.**  
Pl. Worth, August 20.—Report from Brownsville says all negro troops will be removed soon as white soldiers can be substituted.

By the consent of the people of Paducah, The Sun has the largest circulation in the city and county. The average for July was 4192 a day.

## WORK ON STREETS UP TO THE COUNCIL

**Board of Public Works Wants Plan Financed.**

**Mayor Yelzer Believes Work Can Be Taken Care of Without Any Difficulty.**

**LOWER BOARD MEETS TONIGHT**

Up to the general council is the continuation of the street work. At the last meeting of the board of public works, City Auditor Kirkland explained that only slightly more than \$2,000 is left of the department's appropriation of \$18,000, and it was estimated that this will be sufficient only to take care of current expenses, such as sweeping and cleaning the streets and gutters.

The board held up the advertisements for street work, pending the decision of the general council as to whether the board will charge the expense of further operations to the contingent fund or discontinue operations. Mayor Yelzer believes the work can be taken care of out of the contingent fund and will recommend that the finance committee be authorized to act in the matter.

It is understood that the communication from the board will contain the statement of the city auditor and estimates of City Engineer Washington.

Part of the work to be done is provided for by the bond issue, but some intersections on Jefferson street and Harahan boulevard are to be paid for in some other manner. Other work on the South Side also must be taken care of. The Jefferson street and Harahan boulevard expenses are estimated at about \$1,500, and the other at \$1,100.

The lower board of the general council will meet tonight. Considerable business will be transacted. It is probable that some action will be taken on the work of the committee of the whole, which is considering the sewer work. The board of health, the board of public works and Mayor Yelzer will have some recommendations. The board of police and fire commissioners will ask for the appointment of a driver for the new steamer.

**WAR ON TERRORISTS**

**Declared By Czar in Note to Governor of Warsaw.**

St. Petersburg, Aug. 20.—A call to an uncompromising war with terrorism and revolution in Poland was sounded in an Imperial telegram of congratulation to Governor General Skalon of Warsaw, on his escape from bombs thrown at him in Warsaw Saturday. In the telegram Emperor Nicholas says: "Do not be discouraged by the resolute in battle with insensate anarchy and sedition."

**RETURNS REGIMENTAL FLAG.**

**Colors of the Ninth Ohio, Lost for 12 Years, Are Restored.**

Columbus, O., Aug. 20.—The flag and colors of the Ninth O. V. I. were returned today to the state flagroom by Nathan Durfee, a cotton manufacturer of Fall River, Mass., whose wife is a daughter of the late Colonel A. I. Brown, of that regiment, and who found the flag after forty-two years while on a visit to her old home.

**ROBBERIES PUT TO FLIGHT.**

**Conductor and Passengers Protect \$200,000 in Gold.**

Bucharest, Roumania, Aug. 20.—Robbers made an unsuccessful attempt to rob the Roumania express train, carrying \$200,000 in gold. Three men entered the car near Galatz, but the conductor and only the occupants in the car put up such a desperate resistance that one robber was shot. This frightened them and they jumped off.

Generally fair tonight and Tuesday. The highest temperature reached yesterday was 97 and the lowest reached today was 75.

## THREE HUNDRED SHOCKS ARE FELT

**A Section of Valparaiso is Reduced to Ashes and Over Two Thousand Perish.**

**OTHER TOWNS SUFFER EXTENSIVELY**

Lima, Peru, August 20.—Robinson Crusoe's Island is reported wrecked out by the seismic disturbances last week. The island is a desolate tract of rocky land eight miles long by six wide, 400 miles off Chilean coast.

Valparaiso, Chile, August 20.—At 7:25 o'clock Thursday evening Valparaiso experienced an earthquake of great severity. During the night 82 shocks were felt. Most of the buildings in the city are either ruined or damaged.

The loss is enormous, probably \$250,000,000.

Two thousand persons killed, is considered a fair estimate of the casualties here.

Vine Del Mar, three miles from Valparaiso, with a population of over 10,000; Quirihue, 225 miles southward, population 2,500; Salto Limache, 15 miles to the northwest with a population of 6,500; Quilato, 25 miles to the northwest, population 10,000, and villages all around were destroyed.

Most of the fires started after the first shock.

The whole population is sleeping in the hills, parks or streets.

Food is scarce. Milk is two Chilean dollars per liter, and it is almost impossible to obtain meat, even at high prices.

The railroads are all destroyed.

The rain, which began to fall after the first shock, stopped an hour later. The nights are very cool and windy and the people sleeping in the open are suffering greatly.

The captain of a steamship which arrived from San Francisco says the situation here is worse than following the disaster there.

**Three Hundred Shocks.**

London, August 20.—In a dispatch from Valparaiso, without date, the correspondent of the Daily Mail says:

"Sixty per cent of this city is completely destroyed. The death toll is very heavy. There were 82 shocks Thursday night and 300 more since then. The tremors still continue. One hundred thousand persons are homeless and destitute. Water is giving out. Surrounding towns are destroyed, and the railroad cut."

**Shocks Diminishing.**

Valparaiso, Via Galveston, August 20.—Valparaiso and neighboring towns are wrecked and partially burned, and in all towns in the Aconcagua valley conditions are similar. In the south, there were severe shocks at Talcahuano, Talca and Zone, but there the disaster is not appalling.

Quakes occur from time to time, but are diminishing in force. An accurate estimate of the dead and wounded is impossible. Martial law has prevailed in Valparaiso since the first day and the entire population is camping in the open. The only work is one subterranean and the

## MILITARY COMPANY AND BAND MAY BE FORMED IN PADUCAH

Western Kentucky has no state military company and Governor Beckham thinks one should be established in this end of the state. He has written a personal letter to W. M. Fitzpatrick, agent for the Citizens' Life insurance company, of Louisville, asking him to organize a company. He is considering the matter, and if his plans are consummated it will mean the establishment of a military company here and headquarters for a regimental band.

Mr. Fitzpatrick has been in the militia service for ten years and served throughout the Spanish-American war. He was first lieutenant in the Third Alabama regiment, company

**SUBJECT OF DISCUSSION BY COMMITTEE OF WHOLE.**

**General Council in Conference With Sanitary Engineer Alvord This Afternoon.**

Called in committee of the whole to discuss the problem offered by the proposed sewer extension as exclusively explained last Saturday in The Sun, the general council is engaged this afternoon in conference with John W. Alvord, of Chicago, the sanitary engineer, who drew the plans. City Engineer Washington, Mayor Yelzer and City Solicitor Campbell.

Mr. Alvord reached Paducah this morning and spent several hours driving over the route with City Engineer Washington.

The trouble encountered when the ordinance was being prepared was the fact that the sewer route traverses private property in several places. The city would get into trouble, according to City Solicitor Campbell, if it attempted to push the work without first securing a right of way or condemning the property, both of which proceedings would require time. He suggested that the plans be altered so as to take in that section which could be reached without crossing private property.

Mr. Alvord recommended for the additional system, that the sewer and storm water drains be combined. This is not the case in the present system. He says a system can be revised at an increased cost of \$1,500.

**THROWS BY WIRE.**

**Peculiar Accident to Graves County Officer.**

Mayfield, Aug. 20.—Deputy Sheriff Merritt Seay was injured about 9 o'clock Thursday night near his home at Lowes. The wind had caused the telephone wire leading to his house to fall across the road only a few feet from the ground. When Mr. Seay came riding on his horse, the animal became frightened when the wire touched its head and jumped under it. Mr. Seay was pulled off. He fell on his shoulder. The wire got caught under Mr. Seay's pistol and threw it out some distance away. Fortunately the weapon was not discharged.

**Georgetown Goes Wet.**

Georgetown, Ky., Aug. 20.—The most exciting political contest ever fought out in this county, with the possible exception of the Breckinridge-Owens congressional race, ended here in the defeat of the local option adherents by the liquor element by the narrow margin of 21 votes.

**FAMOUS MEPHISTO  
DIES IN HOSPITAL  
IN NEW YORK CITY.**  
New York, Aug. 20.—Lewis Morrison, the actor, whose Mephisto in "Faust" gained him world-wide fame, died suddenly of a shock Saturday afternoon at St. John's hospital at Yonkers, following an operation for stomach disease.

Lewis Morrison is well known to Paducah Theater goers. As long as he visited the city his performance was well patronized.

## FUNERAL

**OF SPALDING COLEMAN HELD IN AN EPISCOPAL CHURCH.**

**Bishop McClosky Refuses to Allow Services in Dominican Church—No Reason.**

Louisville, Ky., August 20.—After every preparation had been made to hold the funeral of the late Charles Spalding Coleman, member of the board of public works, and a wealthy young man, from the Dominican church this morning, Bishop McClosky created a sensation by declaring it could not be held there. No reasons were given. The funeral, after hurried preparations, was held from St. Andrews Episcopal church, the Rev. Frank Hardy, assistant rector, reading the service.

## COMPLIMENTARY

**BENEFIT TO BE GIVEN PROF. HARRY GILBERT.**

**Every Musician in Paducah Will Participate in Event at Wallace Park.**

Arrangements are being completed for the most ambitious musical event of the season, to be given at the Wallace park Casino, complimentary to Prof. Harry Gilbert, who will leave for Dallas, Tex., August 31, to take up his new duties as instructor in piano in the largest conservatory in the southwest.

It will be given Thursday evening August 30, and will be a "Farewell" affair. Desiring to express their regard for Mr. Gilbert, both in a personal way and for what he has done for the advancement of musical appreciation in this city, every musician in the city, including the members of the newly organized military band, will work enthusiastically to make it distinctly the musical event of the year. The program will contain the names of the finest talent in the city and those who, for lack of time, may not take part, will assist in any way possible to insure a large success.

Tickets for the musical, and the program will be out in the next few days.

## SHOOTS HIMSELF.

**Wealthy Indiana Farmer Ends His Existence.**

Vincennes, Ind., August 20.—Joseph Robinson, 55 years old, leaving a family, suicided by shooting himself in the left breast this morning. He was one of the wealthiest farmers and dairymen here.

The Hushhangers downed the Indians Sunday in a double-header, and what made the pill the harder to swallow was the fact that both games were shut-outs, the Indians being unable to score. Willey Platt pitched the first and Dick Brahm the second. The victory of the visitors is accounted for in the fact that the Indians could not find Woodring or Hatch.

The grand-stand was more than two-thirds filled and many Cairo people were in evidence. The crowd was orderly and thoroughly enjoyed the sport.

No one complained aside, from expressing regret that the Indians could not hit. The visitors played fast, clean ball and won both games squarely. They hit it out clean and both runs in the first and the lone score in the second game were earned.

In the first game a couple of hits, one a double, scored the runs credited to the visitors. Lloyd misjudged

### Ladies Free Tomorrow.

Tomorrow is the last day for Paducah fans to see league baseball in Paducah and as an inducement to draw a crowd Mr. John Keller, of the Paducah Baseball association, has arranged for a double header and "King" Platt will pitch.

Ladies will be admitted free, and it is hoped they will take advantage of this. Free means what the dictionary defines, and the extra ten cents which has been in force will be cut off. Mr. Keller desires to fill the grandstand and this is why the deviation from the rule is made.

"Paducah fans have not patronized the game as they should," Mr. Keller stated, "and the management has lost a great deal this season. Once we played to less than \$20, and since the expense for a day amounts to over \$100, you can see where the management has lost."

Sunday before the double-header the Indians stood in second place in the team standing, and Cairo in third. Father Bell's followers were reposing in fourth place, but one day's work changed the entire standing. Today finds the Indians resting in fourth place, Jacksonville in third, and Cairo in second. Vincennes continues to fall and is now but ten games ahead of Cairo. Cairo is playing good ball and it may be that the Hoosiers will not get the pennant after all.

The fans in the grand-stand jumped onto Lloyd yesterday after he made a hobble and misjudged a line drive. Any other fielder might have misjudged the drive, but from appearances the "chief" did not start with the ball. He was pretty freely discussed but got two hits of the only four secured in the last game.

## BREAKS THE GATE DOES STREET CAR

On Broadway Crossing When  
Switch Engine Appears.

One Gate Strikes Car and the Other  
Hocks Way, So Motorist Takes  
Chance.

ESCAPES WITHOUT DAMAGE

A street car and switch engine nearly came together at the Eleventh street and Broadway crossing of the I. C. railroad Saturday night at 11:30 o'clock. The motorist saw the danger and shoved his car ahead at full speed and escaped breaking the west gate.

The street car was No. 1 in charge of Motorist John Heavers and Conductor John Cook, and was going to the barn on Broadway. The gates failed to come down soon enough. The car was across the railroad tracks when the switch engine came tearing down the tracks. The watchman let the gates down and one struck the car and bounded up again. The west gate remained down and was broken off.

The car passed in safety but one or two of the few passengers on the car jumped, one leaving by way of the window.

The roaring of the engine and started shouts of the street car and railroad men frightened a horse on Eleventh street and one of the occupants, Patrolman Emil Gaudreux, jumped out of the buggy. He alighted in such a way as to fall heavily on his shoulder but escaped with a few bruises.

## AUTOS RAISE DUST WHEN SCORCHING

Broadway Residents Can't Sit on Porches.

Complain About High Speed and They  
Threaten to Prosecute Some  
Chauffeurs.

ONE FINE ALREADY ASSESSED.

Residents on West Broadway are preparing to take up the fight against fast automobile driving and threaten to make special efforts to secure the number and name of all drivers who exceed the speed limit. It is not particularly the speed that is objected to, but the dust they raise. In speaking of the growing nuisance one resident stated:

"Automobiles do not raise any more dust than vehicles pulled by horses when run at ordinary speed, but when going at high speed the dust is so thick that it is hardly possible to see through it. It floats in our windows and covers our porches. We cannot sit in comfort on our porches and we are preparing to prosecute the fast drivers."

Residents on Tenth street from Jackson to Husbands street have been raising a similar complaint. One automobilist was fined in police court for fast driving and the city judge has declared his intention of adhering to the law and imposing fines whenever any one is proved guilty.

## Theatrical Notes

### His Highness, the Bey.

Teeming with catchy musical numbers, bright, crisp, clean comedy and plenty of action, "His Highness the Bey" the season's musical triumph, after a five months' run in Chicago comes to the Kentucky theater Thursday. Dealing as it does with a young American war correspondent who has become involved in a native uprising in Egypt, there is not a dull moment from the rise of the first to the fall of the final curtain. The action of the play takes place in Egypt and concerns the attempted overthrow of the British military protectorate of that country. Ravis, the war correspondent, and his assistant, Jimmy, are the central figures and join allegiance with the revolutionists. In hopes that they will be successful in starting an uprising and thus afford them opportunity for a story for their paper. A company of 40 people and a carload of special scenery are carried with "His Highness the Bey."

Nothing can be good for everything. Doing one thing well brings success.

Doan's Kidney Pills do one thing only. They cure sick kidneys. They cure backache every kidney ill.

Here is Paducah evidence to prove it.

H. L. Blackford, of 615 Washington street, carpenter by trade, says: "It occurred to me when reading a notice about Doan's Kidney Pills that if they performed half what they promised they might cure my kidney complaint which annoyed me in the shape of backache. I went to Alvey & List's drug store and got a box. If it had not benefited me I never would have bought a second, and if the second had not brought undoubted results I could not be induced to recommend Doan's Kidney Pills to friends and acquaintances personally, much less publicly."

## Daily Thought.

"There is a time, even in this world, when men's deeds will come home to them for judgment. Take the measure and give acts beforehand."

## MARRIAGE AND DIVORCE.

The census department is extending its field of usefulness to include the acquisition and dissemination of divorce statistics. It is understood these statistics, not only will cover the number and causes of divorce in the different states, but will go into the philosophy of the subject as far as practicable. The expectation is that the figures will demonstrate beyond peradventure the need of reform divorce laws. Undoubtedly this is true, and the curtailment of the grounds for divorce will go a long way toward inducing certain fickle ones to assume the marriage vows with more seriousness and endeavor to conform their manner of living to ways of domesticity; but the greatest hope is that all this agitation on the subject, state and national, will have a tendency to create a public sentiment that will of itself check the divorce evil. Many causes of divorce there are, and many of them good. To utterly wipe out divorce in their matrimonial ventures of any relief, would be to encourage immorality; but in our anxiety in behalf of the victims of the galling yoke, we have been heaping remedy on remedy, until we have come to look on the shifting of marital ties and obligations as a matter of fact. Observation of divorce court proceedings has led to the conclusion that the divorce question is broadly a moral one. That same complacency of temperament that has caused us to calmly regard graft as a natural element of practical politics and the misuse of trust funds as a function of high finance, is responsible for the disgraceful frequency with which, and the weak pretenses on which the divorce law is invoked. As is often the case in our haste to reach conclusions and apply speedy remedies to the most apparent evil, we have mistaken effect for cause. The real evil is not in our views of divorce, but in our views of marriage. In those churches in which divorces are frowned upon and the family unit glorified, their people are singularly poor patrons of the divorce lawyers. In too many instances the marriage is regarded purely as a social function. In others it is held as lightly as any civil contract by a citizen, who is execution proof. When the marriage ceremony once more assumes its proper relation as a solemn rite, partaking of a religious nature, the vows will be assumed with a more serious intention, and parents can help in bringing about this change in the attitude of the next generation toward the institution.

ble of transparency that floats whither the wind listeth, changing coloring and shifting form to fit its environment—was recklessly set adrift, that a young business man, who had been living a fast life, had been false to his trust. Immediately everybody dragged from the secret recesses of his memory every scandal he had discarded and told his neighbors of it. Names were freely bandied along Broadway as business men went to and from the postoffice. The occasion afforded fine demonstration of that good old admonition to "avoid the appearance of evil."

Public works move slowly, and in their anxiety to push the sewer extension project to meet an urgent need of sanitary facilities at the school and railroad shops, Mayor Yerger and the members of the general council have encountered some discouraging obstacles, but they persevere and thus win the approbation of the citizens by their pluck. We trust, that when they have cleared away the obstructions they will not encounter some obstructionists.

## "KREUTZER SONATA."

Question as to Acting Rights Now in Court.

New York, Aug. 20.—The question of whether Blanche Walsh or Bertha Kalich shall appear in the stellar role of Jacob Gordin's English version of the domestic drama, "The Kreutzer Sonata," was argued before Justice Geiger today. Leopold Spachner said David Kessler applied for an injunction restraining Waggoner and Kemper from further presenting the drama with Miss Walsh as the star in an English version of the play at the Manhattan theater pending the result of a suit Spachner and Kessler have instituted to determine the ownership of the English rights of the production.

## Laid in Ashes.

Lima, Peru, August 20.—Word came here late this afternoon confirming the report that the magnificent city of Santiago de Chile, the third city in South America in wealth and population, has been practically destroyed by the terrific earthquake which wrenched the west coast of lower South America on Thursday night.

The telegraph service is so badly demoralized that only the most meager reports are coming through, but every dispatch gives color to the growing belief that the splendid capital of Chile is a mass of ruins.

More than half the 350,000 persons who made up the population are believed to be homeless, and many of the great public structures are destroyed or badly damaged. These include the magnificent capitol building, in which the supreme court meets; the great cathedral, which is one of the finest in South America; the palace of the Archbishop of Chile, the summer residence of the president of the republic, colleges, libraries, convents, monasteries, municipal structures and the fine homes.

## ASK FOR MORE TIME.

Express Companies Can Not Yet Comply With New Law.

Washington, August 20.—Several of the thirteen express companies doing an interstate business in this country have informed the Interstate commerce commission that it will be physically impossible to comply with the requirement of the new railroad rate law to file their schedules of rates with the committee by the 28th of this month, when the law becomes effective. Some of them have said that it would require several months to do the necessary clerical work. The Adams Express company is the first, however, to fix a definite date to which it desires an extension of the law. In a letter to the commission received today the Adams company says that after conferring with the representatives of other companies it will be able to arrange its schedules by the first of January, 1907.

## REAL INSTRUMENT

Possessed by Young Man Who is Visiting in Paducah.

A real Stradivarius violin is owned by Allen Annett, who is visiting his uncle J. H. Allen, manager of the Postal Telegraph company. The instrument, which is worth hundreds of dollars formerly belonged to George Smith, the famous musician of Louisville. The young man is taking lessons and has developed marked talent for violin music.

## Will Iron Harris.

Will Iron Harris, the little son of the Rev. E. S. Harris, died late Saturday afternoon at the home of his father in Humboldt, Tenn., of lock-jaw. While on a visit to his grandmother in Jackson, Tenn., ten days ago the little lad fell and broke his arm, blood poison developing.

Mr. H. C. Yeiser, of Cincinnati, president of the Globe-Wernecke company, is the guest of his brother, Mayor D. A. Yeiser.

## HESSIG TROUBLE BREAKS OUT ANEW

Motion to Disqualify Dr. Hessig as Executor.

Attorney for Legatees Charges That He Is Morally Incompetent to Act.

PENDING IN COUNTY COURT.

It is now up to Dr. Herman T. Hessig to show why he is not incompetent to act as one of the executors of the will of his mother, the late Mrs. Catharine Hessig. The will was filed last week, but action held up until today when the witnesses were produced and the will proven. Attorney Charles K. Wheeler, representing the legatees, appeared and verbally objected to Dr. Hessig qualifying as one of the executors of the will. He was appointed jointly with Fred Kunkler.

Dr. Herman Hessig has been married three times. His first wife has charge of his two children.

The objection verbally stated is as follows: "I move that Dr. Herman T. Hessig be not permitted to qualify as an executor of the will of Mrs. Catharine Hessig, because he is not morally competent."

County Judge R. T. Lightfoot recognized the objections and set the case for hearing tomorrow morning at 10 o'clock.

The will left the Eighth and Jackson street property to the son, Dr. H. T. Hessig. The remainder was left to the sons of Dr. Hessig, Freddie and Carl. The mother has been guardian through a decree of the court in a divorce proceeding, but it is stated that another guardian will have to be appointed in this county in the event of the appointment of an administrator.

## ROBBERY

CHARGED AGAINST WALLACE PERRY IN WARRANT.

Held to Grand Jury for Taking Small Sum Away From Carrie Jackson on South Side.

Wallace Perry, colored, was held over to the grand jury on the charge of robbery this morning in police court. He is alleged to have seized Carrie Jackson at her home on the south side, choked her and by force made her surrender \$1.50 in cash.

Other cases: Jim Thompson, drunk, \$1 and costs; Jordan Wilson, colored, cruelty to animals in failing to water his famished horse, continued; Rud Elrod, disorderly conduct, \$5 and costs; Bob Bartlett, colored, cruelty to animals, continued; Adolph Weil, breach of ordinance, dismissed; C. E. Gridley, breach of ordinance, \$5 and costs; Little Barnes, colored, stealing ribbon from the Kirby store, continued; Alfred Strauss, colored, malicious shooting at Tom Catlett, dismissed.

## SWEET TASTE

HAVE MCCRACKEN COUNTY CANTALOUPE, SAY LETTERS.

Local Brokers Believe Northern Market for Product Soon Could Be Built Up.

Letters on file at the office of Bonds & Powell, produce and fruit shippers and brokers, from St. Louis, Chicago and other northern and eastern cities, express the opinion nearly unanimously that the quality of the cantaloupes raised in this country are equal to the celebrated Hockley Ford product.

This fruit has shipped several small lots of cantaloupes—as many as were offered to them—and the indications are that a fine market for this product could be built up with a little care. Most of the letters note the sweet taste of the cantaloupes and all state that to build up a market it will be necessary for our farmers to ship their crops before the home grown crops come in at those points.

## JEROME WILL SAY "YES."

To Enter Race for Democratic Nomination for Governor.

New York, August 20.—District Attorney Jerome will in a very few days announce his willingness to run for governor and the conditions of his candidacy.

## ODD TROUSER REDUCTIONS

The Odd Trousers Sale which has been in progress at our store for some time past, during which all our odd trousers have been offered at one-fourth off, is probably arousing more interest than any of our money-saving cut price sales, with the exception of the suit sale, as economical dressers recognize the opportunities it affords of making a new suit out of an old one by the addition of a pair of odd trousers. One-fourth off is a strong enough cut to satisfy most people, but if that does not interest you, by all means see the special lot of 150 pairs of fine trousers, former prices \$3.00 to \$8.00, now being offered for exactly]

## One-Half Price

These are fine cassimere, flannel and worsteds, formerly among the best in our store, but they had become slightly soiled from handling, hence the big reduction.

ADMISSION 10 AND 20 CTS.

Bride and Widow in Minute.  
Geneva, Aug. 20.—At Luidan, on the Swiss-American frontier, a middle-aged man named Huhler, who married the other day, and the pastor had barely concluded the ceremony when the bridegroom who had been complaining of the heat, fell unconscious at the feet of his young wife at the foot of the altar. Among his friends who were in the church was a doctor, who hastened to his side. Huh-

ler, however, was beyond human aid, having succumbed to an attack of apoplexy. His hysterical bride, whom fate had made a wife and widow within a minute, was gently led out of the church, and a hearse transported the dead bridegroom to his home.

Master Charles Blackard, son of Dr. J. W. Blackard, arrived this afternoon after a visit to relatives in Jackson, Tenn.

## PUBLIC PRINTER FACES STRIKE

Union Binders Stirred by Suspension of a Workman.

Washington, Aug. 20.—Union book binders in the government printing office threatened a strike today on account of the action of Harry Ashton, acting foreman of binding, in suspending A. J. Tanner, a union binder, because he did not perform an extra amount of work in excess of the maximum amount permitted under union regulations. President J. L. Fenney, of the book-binders' union, will demand a conference with Public Printer Stilling and demand that Ashton's order be set aside. Union men say Ashton has set out to bring the office and union regulations into conflict. Three years ago he caused the dismissal of W. A. Miller, assistant foreman of printing, the dismissal of which caused President Roosevelt to declare the printing office an open shop.

## CLUB PAGE ROBS HIS PATRON.

New York Detective Comes to Chicago to Get H. I. Marston.

New York, Aug. 20.—Detective Sergeant Strinsky left for Chicago today to bring back H. I. Marston, a youth who is under arrest there for stealing a suit case containing valuable jewelry from Thomas Wallace at the Calumet club in this city. Wallace was a guest of the club, where Marston was a page. The youth won Mr. Wallace's confidence, was trusted to take care of his suit case and left the club house with it. When arrested Marston confessed the theft, but said a boy companion stole the case from him before he had time to dispose of its contents. The jewels in the case were worth \$1,500.

## FOR A WEEK.

Donovan Was Buried in Mud and Was Rescued Alive.

Memphis, Tenn., August 20.—Half buried in mud, John Donovan, an aged man, yesterday was found alive and conscious after a week's fight with death under a cotton compress. Donovan crawled under the building seven days ago to get out of the rain. He fell asleep, and when he awoke found himself imbedded in mud. He was too weak to extricate himself. His plight was discovered today by a watchman. Policemen called to his assistance had to use shovels to dig him out. He is expected to recover.

## MELON TOO RICH FOR JOHN D.

Rocketteller Is Confined to His Bed With Cholera Morbus.

Cleveland, Aug. 20.—John D. Rocketteller's love for watermelon caused him to suffer from cholera morbus today. He remained in bed all day, disappointing fifty passenger agents of the Erie railroad, who had been invited to spend a few hours at Forest Hill, W. C. Ruddy, the king's brother-in-law, met them, and explained that Mr. Rocketteller was indisposed, and would be unable to meet them as he had planned, and then he himself took them over the estate. Mr. Ruddy said that Mr. Rocketteller was much improved.

## CHOSE NO PASTOR FOR FIRST CHURCH

Christian Congregation Still  
Waiting on Convention.

Visiting Ministers Fill Pulpits in  
Paducah at Several of the  
Churches.

ATTENDANCE UNUSUALLY GOOD.

No definite action was taken yesterday by the congregation of the First Christian church about calling a pastor. The Rev. Haisapple, of Texas, filled the pulpit in the morning, no evening service being held. The committee appointed by the elders of the church is still corresponding with several pastors.

**Trimble Street.**  
The Rev. J. W. Blackard, presiding elder of the Paducah district, conducted services at the Trimble Street Methodist church yesterday. In the morning he spoke on "The Heritage of a Noble Life." Large congregations were present at both services despite the warmth of the day.

**Three Services.**  
Three services were held at the First Baptist church yesterday. The Rev. J. S. Snyder, of Trenton, Ky., filled the pulpit in the morning and evening. An afternoon service was held by the Rev. T. T. Martin, of Texas.

**Old Pastor Preaches.**  
At the German Evangelical church, the Rev. Wulffman, a former pastor of the church, spoke to the congregation. He did not confine himself to any particular subject. At the evening service, the pastor, the Rev. William Bourquin, filled the pulpit.

**Turk in Pulpit.**  
At the Presbyterian church, Sixth street and Kentucky avenue, the Rev. K. H. M. Bamajian, of Atlanta, Ga., but formerly of Constantinople, filled the pulpit both morning and evening. For his subject in the evening, he spoke on "The Crescent Against the Cross." In the course of his sermon he spoke of the churches of his native country and of the manners of the people. He sang several songs of his native tongue and afterwards the English translation.

**Broadway Methodist.**  
The Rev. Thomas J. Newell filled his pulpit Sunday morning and developed further the theme of his sermons for the last three weeks, that of the moral condition in the city and the remedy. He emphasized the need of men and women with strong convictions for the right, and who would be at least as bold in upholding their convictions as the element in our social life that is not moral.

At the evening service, the Rev. Mr. Smith, of the Central Illinois conference, of the Northern Methodist church, who is visiting in the city, preached. His subject was the need of prayer, and he developed a forceful sermon from the subject.

The Rev. E. C. Does is conducting a revival at Milburn.

The Rev. W. A. Watts has closed a successful meeting at Melber. A number of professions and additions to the church are reported. The Rev. A. N. Sears assisted him.

Saturday the Rev. W. P. Hamilton, assisted by the Rev. R. L. Newman, closed a successful revival at Handana.

HAD \$35,000

But the Whole American Party Was  
Arrested—One Took Umbrella.

Rhema, France, Aug. 20.—E. G. Foreman and wife and three children and Julius Strauss and wife, of Chicago, while automobile here today were arrested and detained for several hours at the police headquarters on a charge of larceny. Then they were released at the instance of J. Martin Miller, the American consul.

The arrest grew out of the visit to a shop where Mrs. Strauss picked up an umbrella worth hardly more than 10 francs and then turned and conversed with a child for a few minutes.

The storekeeper became suspicious and gave the whole party into the custody of a gendarme, despite the fact that they had \$35,000 in their possession.

**Warrants for Paducah Men.**  
A telephone message from Metropolis was received this morning by the local police department. It stated that the city marshal held warrants for Frank Henderson and his brother who are supposed to be in Paducah. No particulars of the nature of the charges against the two were given.

## YESTERDAY WAS THE HOTTEST DAY

Thermometer Registered 97 at  
Highest.

Humidity Caused More Suffering Than  
Last August When Maximum of  
99 Was Reached.

PEOPLE SOUGHT EXCURSIONS

All comparisons of the weather since yesterday afternoon have been with Paducah's warm realm. The sweltering public has found no other degree of warmth which could measure up to the sun's affection for this particular spot on the globe. Astrologists tell us that at this time of the year the sun is farthest away from the earth, but the lay mind feeling yesterday's heat would say that such an assertion is the offspring of a muddled scientific brain.

The temperature yesterday was 97. It is the highest temperature reached this year. The lowest temperature reached this morning was 75. At a temperature of 97, yesterday was much hotter than at this time last year when the temperature was 99. It is because of the sultry atmosphere caused by the numerous rains we have had this month. There was comparatively little rain last August. The lowest temperature reached at any time this month has not fallen below 72. Last August it was 62.

Yesterday afternoon the mere exertion of fanning would cause the perspiration to flow profusely that it was more comfortable not to fan. The street cars all day and in the evening were crowded with people seeking the relief which came merely from the swiftly moving cars. The telephone at the wharfboat was kept busy by the inquiries of persons who wanted to know whether there were any excursions.

### HARRIMAN'S COUP

Has Divided Wall Street and Plunged  
John D.

New York, Aug. 20.—The recent coup of Edward Harriman, who scooped \$1,000,000 in profits by backing up dividends on the Union and Southern Pacific has divided Wall Street into factions, who are arming themselves for a financial fight that will be long remembered. Hundreds of stockholders of the Union and Southern Pacific, who cling on for years, hoping for large returns, now find the stock they held so long for a rise, safely tucked away in Harriman's strong box ready to be delivered at the present high prices. Rockefeller is said to be severely pinched in the coup and doubtless Harriman will hear from the oil magnate. Bankers today express the opinion that a stockholder induced to sell his holdings might receive in court the difference between the selling and the present price.

### SECOND BROTHER DIES.

Dr. H. P. Sights Called to Henderson  
Saturday Night.

For the second time in a few months Dr. H. P. Sights was called Saturday night to Henderson to attend the bedside of a dying brother. Yesterday morning his younger brother, J. R. Sights, a farmer of near Henderson, died of typhoid fever. The funeral will take place today and Dr. Sights will return tonight. Last spring at other brother of Dr. Sights died at Henderson of appendicitis.

# DRINK BELVEDERE

## The Paducah Beer

## AND PROMOTE A HOME INDUSTRY

Every time you order or call for BELVEDERE BEER you are furthering a home industry. The Paducah Brewery Company employs only HOME LABOR, and adds to the pay rolls of Paducah, so every cent you spend for BELVEDERE remains at home. We don't solicit your business on that score alone, however. BELVEDERE is not excelled by any beer on the market. In truth, we believe it surpasses any in purity, taste and health giving qualities. # The Manager Of the B. & A.

By VAUGHAN KESTER

Copyright, 1901, by Harper & Brothers

Miss Emory hit her lip. He was going to put her out of his life entirely. It was ended, and he would do his best to forget her with what speed he might, for he loved her and was too generous to wish her to suffer. This generosity, needless to say, was too altruistic for Constance to fully appreciate its benefits. Indeed, she did not regard it as generosity at all. She resented it. She realized that probably she would not see him again—at least, the meeting would not be of his making or choosing. There was to be no sentimental aftermath. He was preparing to go, like the sensible fellow he was, for good and all, and she rebelled against the decree. It seemed brutal and harsh. She was angry, hurt and offended. Perhaps her conscience was troubling her too. She knew she was mean and petty.

"I don't think it could have been very serious to you, Mr. Oakley," she murmured, gazing abstractedly from the window.

"I don't know why you think that. I can't say any more than I have said. It includes all." She wanted to tell him he gave up too easily.

"At any rate, we are friends," he added.

"Are you going?" she cried, with a ring of real longing and regret in her voice, lifted out of herself for the moment at the thought of losing him.

"I am, indeed, and a look of pain came into his face.

"Yes, I am going."

"But you are not going to leave Antioch?"

"Oh, no."

And Miss Emory felt a sense of relief. She rose from her chair. "Then I shall see you again?"

"Probably," smiling. "We couldn't well avoid seeing each other in a place the size of this."

He held out his hand frankly.

"And I shall see you here any more?" she asked softly.

"I guess not," a little roughly. The bitterness of his loss stung him. He felt something was wrong somewhere. He wondered, too, if she had been quite fair to him, if her ability to guard herself was entirely commendable after all. He knew in the end his only memory of her would be that she was beautiful. He would carry this memory and a haunting sense of incompleteness with him wherever he went.

She placed her hand in his and looked up into his face with troubled, serious eyes.

"Goodbye," it was almost a whisper.

Then crossed the room to the door and flung it open. For an instant he wavered on the threshold, but a moment later was striding down the street, with his hat jammed needlessly low over his ears and his hands thrust deep in his trousers pockets.

At the window Constance, with a white, scared face, was watching him from between the parted curtains. She hoped he would look back, but he never once turned his head.

## CHAPTER XIV.

ON Thursday the Herald published its report of the trouble at the shops. Oakley had looked forward to the paper's appearance with considerable eagerness. He hoped to glean from it some idea of the tactics the men would adopt, and in this he was not disappointed. Ryder served up his sensation, which was still a sensation, in spite of the fact that it was common property and two days old before it was needed the dignity of type and ink, in his most impressive style.

The situation at the car shops has assumed a serious phase, and a strike is imminent. Matters came to a focus day before yesterday and may now be said to have reached an acute stage. It is expected that the carpenters, of whom quite a number are employed on repair work, will be the first to go out unless certain demands which they are to make today are promptly acceded to by General Cornish's local representative.

Both sides maintain the strictest secrecy, but from reliable sources the Herald gathers that the men will insist upon Mr. Brannon being taken back by the company.

Another grievance of the men, and one in which they should have the sympathy of the entire community, is their objection to working with the manager's father, who came here recently from the east and has since been employed in the shops. It has been learned that he is an ex-convict, who was sentenced for a long term of imprisonment in June, 1895, for the murder of Thomas Sharp at Horton, Mass.

He was only recently set at liberty, and the men are naturally increased and indignant at having to work with him. Still another grievance is the new schedule of wages.

A committee representing every department in the shops and possessing the fullest authority met last night at the Odd Fellows' hall on South Main street, but their deliberations were secret. A well authenticated rumor has it, however, that the most complete harmony prevailed and that the employees are pledged to drastic measures unless they get fair treatment from the company.

Ryder tacked a moral to this, and the moral was that labor required a champion to protect it from the soulless greed and grinding tyranny of the great corporations which had sprung into existence under the fostering wing of corrupt legislation. Of course "the picturesque statesman from old Hanover" was the Hercules who was prepared to fight these wrongs of honest industry and to curb the power of Cornish, whose vampire lusts fattened on the sweat of the toiler, and especially the tuler at Antioch.

A copy of the paper was evidently sent the "picturesque statesman," who

had just commenced his canvass, for in its very next issue the Herald was able to print a telegram in which he "heartily endorsed the sentiments embodied in the Herald's ringing editorial on the situation at Antioch" and declared himself a unit with his fellow citizens of whatever party in their heroic struggle for a fair day's wage for a fair day's work. He also expressed himself as honored by their confidence, as, indeed, he might well have been.

Then digested the Herald's report along with his breakfast. Half an hour later, when he reached the office, he found McIlintock waiting for him.

"The men want to see you, Mr. Oakley. They were going to send their committee in here, but I told 'em you'd come out to them."

"All right. It's just as well you did." And Oakley followed him from the office.

The men were clustered about the great open door of the works in their shirt sleeves. From behind them in the silence and the shadow came the pleasant, droning sound of machinery, like the humming of a million bees. There was something dogged and reckless in the very way they stood around with folded arms or slouched nervously to and fro.

Dan singled out Bentick and Joe Stokes and three or four others as the committee and made straight toward them.

"Well, men, what do you want?" he asked briskly.

"We represent every department in the shops, sir," said Bentick civilly, "and we consider Brannon's discharge as unjust. We want him taken back."

"And suppose I won't take him back, what are you going to do about it, eh?" asked Dan good naturedly, and, not waiting for a reply, with old time def-

iance he turned and walked back toward the shops.

## M'CREEARY'S DAY FOR GETTING BACK

Replies at Henderson to Criticisms of Governor.

Defends His Administration in Kentucky and Talks About National Affairs.

### MANY FARMERS GO TO TOWN

Henderson, Ky., August 20.—Reviewing his record in the two houses of the national congress and asking an endorsement for that record by the Democrats of the state, Senator James H. McCreary, formally opened his campaign for the Democratic nomination for the United States senate. On a small stand erected on the sloping hillside in Henderson's beautiful park, Senator McCreary spoke for an hour and a half to a crowd of twelve hundred, mainly composed of farmers, who had come from all parts of the country to hear him speak. Discussing national issues in the main, Senator McCreary at one point in his speech digressed for a moment and answered some of the charges made by Governor Heckham in his speech at Lexington. Senator McCreary defended his administration as governor and said it had never before been attacked although it had been 26 years since he had left that office. He explained that the financial panic of 1876 had reduced the revenues and had made it necessary to put the tax rate back to the figure from which he had reduced it.

Senator McCreary asserted that the amount of revenue received now was vastly larger than it was when he was governor and that the amount of assessable property is also greatly larger, having increased double in the last ten years. He said the amount of money now flowing into the state treasury is hundreds of thousands of dollars more than it was ten years ago.

Speech at Lexington.

"When Governor Heckham spoke in Lexington it would have been impossible to tell from that speech whether he was a candidate for mayor of Louisville or governor of Kentucky," said Senator McCreary.

Senator McCreary criticized Governor Heckham for his failure to discuss national affairs, and said the people of the state had the right to know how the candidates stand on the important national questions which will come before the next session of congress.

Senator McCreary held a continuous reception in his room in the hotel this morning. From 9 o'clock, when he finished breakfast, until long after noon, a steady stream of men flowed into the hotel to pay their respects to the senator.

THE BIGGEST MELON

Goes to Popular Engineer Every Year In August.

The biggest watermelon in her father's patch at Lucy, Tenn., was presented to Joe Randall, of the Paducah and Memphis run on the Illinois Central today by little Miss Clara Chambers. She has made a practice of sending the popular engineer her father's largest melon for several years. The melon weighs 65 pounds, "nearly as much as the little miss herself," the popular engineer said. "I have known her for several years and she always gives me a melon. I got my annual gift this morning and on it was a note. It read simply 'from Clara to Uncle Joe.' I appreciate it very much, and every August about this time expect my melon."

Marrying Magistrate Reports.

Justice Thomas Liggett, the "marrying judge" of Metropolis, reports the following marriages: August 15—Harry C. Reeves to Vella Vasseur, of Paducah; August 19—Hallie M. Garvey, Paducah lineam, to Nettie L. Thompson, Massac; Bradford E. Stanley to Laura E. Childress, both of the county.

Situation Tranquil.

Minister Leslie Combs arrived in New York yesterday on his way to Washington and Kentucky. He thinks the recent peace treaty in Central America insures a tranquil situation for years to come.

Large Tobacco Leaves.

Mayfield, Aug. 20.—Mr. A. P. Carler, a prominent farmer on route 8, has the highest tobacco plant in the county. It measured a leaf on one of the stalks and it measured 29 1/2 by 43 inches. This is said to be as large as tobacco grows.

## Bad Stomach Makes Bad Blood.

You can not make sweet butter in a foul, unclean churn. The stomach serves as a churn in which to agitate, work up and digest our food as it is being digested. If it be weak, sluggish and foul the result will be torpid, sluggish liver and bad, impure blood. The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve to correct and cure all such derangements. It is made up without a drop of alcohol in its composition; chemically pure, triple-refined glycerine being used instead of the commonly employed alcohol. Now this glycerine is of itself a valuable medicine, instead of a deleterious agent like alcohol, especially in the cure of weak stomach, dyspepsia and the various forms of indigestion. Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of it:

"To dyspepsia it serves an excellent purpose. It is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs; especially if there be in addition or attendant gastritis, intestinal inflammation of stomach, it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric acidity. It is useful in chronic intestinal dyspepsia, especially the flatulent variety, and in certain forms of chronic constipation, stimulating the secretory and excretory functions of the intestinal tract."

When combined, in just the right proportions, with Golden Seal root, Stone root, Black Cherry bark, Queen's root, Blood-root and Mandrake root, or the extract of these, as in Dr. Pierce's Golden Medical Discovery, there can be no doubt of its great efficacy in the cure of all stomach, liver and intestinal disorders and derangements. These several ingredients have the strongest endorsement in all such cases of such eminent medical leaders as Prof. R. Bartholow, M. D., of Jefferson Medical College, Chicago; Prof. Robert A. Hare, M. D., of Medical Department, University of Pa.; Prof. Laurence Johnson, M. D., of Medical Department, University of New York; Prof. Edwin M. Hale, M. D., of Hahnemann Medical College, Chicago; Prof. John M. Scudder, M. D., and Prof. John Kink, M. D., authors of the American Dispensary, and scores of others among the leading medical men of our land. Who can doubt the curative virtues of a medicine the ingredients of which have such a professional endorsement?

Constitution cured by Doctor Pierce's Pleasant Pellets. One or two a dose.

### FIGHT IS ON

#### FIRST TEST OF BRYAN'S STRENGTH IN ILLINOIS.

#### Majority Rule and Home Rule Stogans of Contesting Forces of State Democracy.

Peoria, Ill., August 20.—Peoria is full of Democrats. The state convention does not meet until Tuesday and the special railway rates did not go into effect until today, but the Chicagoans, at least were so anxious to be in at the start of what promises to be a lively fight that they began pouring into here early today. Those from other parts of the state are doing likewise.

The issue has narrowed down to a contest between the present state committee and the majority rule league. The committee is in control of the party organization in the state and wants to keep control. The league is out and wants to get in.

As the lines of battle are now formed, the Majority Rule League claims to represent William J. Bryan, the party's next presidential candidate, and anybody who is not with it is declared to be against Bryan.

The state committee insists it is just as much in favor of Bryan's nomination in 1908 as its opponents are, but it stands for home rule in party politics as well as other things, and announces Illinois Democrats have the right to regulate their own private affairs.

The test of strength will come over the adoption or rejection of a resolution condemning the actions of the last state convention, which resulted in the election of Sullivan as national committeeman, and demanding that he resign his office. This will be presented by the Majority Rule league, and will follow the resolution endorsing William J. Bryan as the presidential candidate, which everybody has agreed to.

#### DOPED

#### The Entire Family and Boarders With Chloroform—Robbed House.

Marysville, O., August 20.—Seven members of the family of Michael Cody, Sr., in Dover township, and two carpenters who were boarding there, were chloroformed last night by burglars. The house was ransacked from top to bottom and \$70 in gold was taken from an old trunk. Mr. Cody was supposed to have a large sum of money in the house. The robbers did not molest several fine gold watches in plain sight. The chloroform was administered in heavy doses and none of the parties regained consciousness until this morning. The burglars helped themselves to breakfast and then departed. There is no clue.

#### Deeds Filled.

Joseph Canpeon to Mrs. Frank Cheaterfield, property on Reed avenue, \$100.

Mary Hoffman to W. M. Jones, property on Monroe street, \$1 and other considerations.

W. C. O'Brien to John F. Sayers, property in the Vaughan addition, \$75.

One hundred and fifty-five people are killed by accidents in the streets of London in the course of a year.

### UNCONVENTIONAL

#### LACK OF ATTIRE AT SWIMMING HOLE CAUSES COMPLAINT.

#### Modest St. Louisans Shocked at Sight of Boys at Foot of Illinois Central Tunnel.

The police have been instructed to break up the practice of swimming at the Illinois Central tunnel at the foot of Campbell street and to arrest all boys found going to swimming at that place, who are not conventionally attired.

The complaint have been frequent and several times the police have raided the swimming place, but the boys always manage to escape. Passengers on the St. Louis and Paducah trains complain of the practice, and as the incline is within the city limits it constitutes a breach of ordinance.

Police Judge E. H. Puryear stated that he would assess fines in all cases brought before him, if the boys are guilty and are over 16 years old.

The river rose two feet in the last 48 hours, the gauge this morning registering a stage of 10.7 feet. Weather clear but uncertain. The arrival of St. Louis, Tennessee, Ohio and Cumberland river boats within the last 36 hours made business at the wharf good.

The New Orleans Daily States contains a statement from Capt. Duke, of the steamer Natchez, which was repaired on the ways here this spring and summer. The statement is taken from a letter written by the captain of the Natchez to a friend in New Orleans. He expressed himself as being highly pleased with his personal relations with Capt. Mike Williams, of the ways, and said he knew that the work done on this boat was straightforward, honest and intelligent. He did not believe that better work could have been done anywhere. The importance of this notice to Paducah is apparent. The Natchez is the largest boat ever repaired here and it comes from a country where the rivers are full of big boats. It means that more of that kind of work will come to Paducah. The Natchez was on the ways nearly three months, affording constant work to a large, highly paid force of both skilled and unskilled labor. It is much better all around to handle a few big contracts in the year than to haul out small boats every week or so. If the captain of the Natchez would write such a letter to a friend while here, it is evident that

### NEWS NOTES FROM SUNDAY PAPERS.

The report that 50 men were entombed in the Clinch mountain tunnel, now under construction by the South and Western railroad in Virginia, was incorrect. The story had its origin in an accident at the tunnel in which two men were killed and two injured by falling rock and scaffolding.

## ONE-FOURTH OFF ON ODD TROUSERS

**Buy a Pair and Make an Old Suit New**

THIS sale is probably awaited with more interest than any of our money-saving cut price sales, with the exception of the suit sale, as the economical dressers recognize the opportunities it affords of making a new suit out of an old one by the addition of a pair of odd trousers. The trousers usually wear out long before the coat to a suit seems worn, and the addition of a new pair renews the suit.

In this sale we have put all of our odd trousers, and there are just any number of most excellent bargains in the lot—the famous Paragon trousers being among them.

\$10 Men's Trousers now	\$7.50	\$5.00 Men's Trousers now	\$3.75
